

**The 1st NEMSIS Version 3 Software Developers Meeting is Now Closed to New Registrations**

**Monday, August 16 - Tuesday, August 17, 2010**

**What is the primary purpose of this meeting?**

This is a pivotal meeting for any EMS Software Developer who will be developing a Local EMS Agency, State, Medical Device, Billing, Dispatch, or Disease Specific software using the NEMSIS Version 3 Standard. Discussions will focus on a range of topics highlighted in the agenda.

**What will be discussed?**

- The NEMSIS Version 3 Data Standard including the XSD and Schematron.
- Development tools and how to create software using the NEMSIS Version 3 Standard.
- The NEMSIS Version 3 Development and Compliance Testing process.

**Two Day Format:**

**Day 1, Monday, August 16:** 1:00 pm to 5:00 pm

**Day 2, Tuesday, August 17:** 9:00 am to 4:00 pm

**Registration:**

This meeting has reached capacity, and registrations are now closed. Please email Abby Roberts at [aroberts@emspic.org](mailto:aroberts@emspic.org) if you would like to be added to the Wait List.

**Location:**

**Grand Hyatt DFW**, inside the DFW Airport, Texas in the North America Room

Due to the amount of information associated with NEMSIS Version 3, this will be a 2 day meeting.

We look forward to seeing you there!

**NEMSIS Technical Assistance Team**
