

NEMESIS v3.3.4.160316CP1 & v3.4.0.160316CP1 Change Log

March 16, 2016

Introduction / Overview

This change log represents the critical patch updates made to the NEMESIS Version v3.3.4 and v3.4.0 standard. Suggested critical patch changes to the Version 3 standard were provided by EMS stakeholders, reviewed by various stakeholders, and implemented when feasible.

The naming convention for critical patch releases is as follows:

3.Major.Minor.BuildDateCP#

3 = NEMESIS version 3

Major: Significant improvements or changes in functionality

Minor: Minor feature changes or significant fixes

BuildDate: informational changes to comments/dictionary

CP# = Critical Patch where # is incremental and references the critical patch version
