

Directions for Exporting from Jira NEMPUB project – NEMESIS version change requests

Go to the NEMPUB project NEMESIS page where the change requests are located:

<https://wiki.utahdcc.org/confluence/display/NEMPub/NEMESIS+Public>

To export to Word or PDF:

In the upper right-hand corner, there are three dots. When you click on these three dots, several options are listed below. You can choose to export a list of the v3.5.1 change request as a pdf or word document. There will be links to individual change request tickets in the pdf or word document.
