

March 19, 2025

Dear NEMSIS Stakeholders,

Please join us for the NEMSIS Annual Meeting on August 26 - 29, 2025, in Park City, UT.

We invite you to partner with the NEMSIS TAC and participate in robust communications and collaborations to strengthen EMS data collection and services in your state/territory/region.

This meeting is not a traditional conference but is a “working meeting” with hearty discussions, stakeholder engagement, and consensus building around key EMS data documentation and utilization challenges facing the EMS community. We understand how prehospital emergency medical care data continues to inform many pressing issues, including EMS workforce concerns, prehospital blood administration, and evaluating clinical and system performance.

Objectives of the NEMSIS Annual Meeting:

1. **Networking:** Connect with state/territory Data Managers, Software Vendors, and ePCR Agency representatives
2. **Discussions on NEMSIS v3.5.1:** Address the release and critical patches for the v3.5.0 and v3.5.1
3. **Updates on other NEMSIS Initiatives:** Outline the latest updates to NEMSIS elements related to Violence Against Providers, CP/MIH, Prehospital Blood Transfusion, National Custom Elements, Defined Lists, etc.
4. **Introduction of Lightning Rounds:** Opportunity for Stakeholder Engagement and Presentation of topics of interest.

Overview of Meeting Schedule:

- **Tuesday, August 26, 2025:** Stakeholder Pre-Conference Forums
- **Wednesday, August 27, 2025:** General Session Meetings
- **Thursday, August 28, 2025:** General Session Meetings
- **Friday, August 29, 2025:** Panel Discussions, Next Steps & Meeting Wrap-Up

The NEMSIS Annual Meeting is your best opportunity to ensure you can express your opinions and concerns in the national discussions related to the NEMSIS data initiative. We would love to see you in attendance. This year, we will offer a limited virtual streaming option for the Tuesday Pre-Conference Forums. We encourage all vendors seeking NEMSIS Compliance to attend in person. Due to limited state travel budgets, the TAC will make a limited number of full and partial scholarships available for state managers to participate in the meeting. The TAC will make these applications available in March. We will award scholarships and send notifications in April.

This year, we will offer an opportunity to participate in a five-minute “[Lightning Rounds](#)” presentation. The occasion aims to engage stakeholders with quick, informative, and thought-provoking presentations. If you are interested in participating, please complete the form on the NEMSIS website. We will review all submissions and select multiple speakers for this exciting meeting.

The [NEMSIS Annual Meeting in-person registration](#) fee is \$500, which includes all meeting sessions and all meals except dinner. Information regarding the hotel is listed below.

We look forward to visiting with you.

Sincerely,

N. Clay Mann, PhD, MS, MBA
Professor and Principal Investigator of NEMSIS Technical Assistance Center
University of Utah, School of Medicine, Dept. of Pediatrics
